The more the Government investigates the Benton affair the more serious the matter appears to be. It seems now, from the information so far gathered, that Benton was not only not given a trial but that he was shot in Villa's own room and the investigation further finds that Benton was unarmed at the time.

The candidates for Governor of Texas have been dropping out in bunches. Who will be the first to take down his flag in Oklahoma? Don't all speak at once.

Anti-prohibitionists in Texas seem to be having a hard time getting some one to be their standard bearer for Governor. We can spare them a few and guarantee them to be Hainer Proof and Pabst Pure.

A Count and a Baron fought a duel in France because the Baron had cheated at a game of cards. Now what do you know about that? We thought that cheating was one of the essential features in successful card playing.

An Oil City, Wilson, Town Lots Offered at Auction

A town lot proposition that is attracting far more than the usual attention, is that at Wilson, the oil center at the western terminus of the Oklahoma, New Mexico & Pacific Railroad (Ringling Road). Wilson has had a wonderful growth, being now only sixty days old but having a population of 1500. The building of this new railroad westward and the discovery and rapid development of the Wilson-Healdton oil field together with inexhaustible supplies of natural gas, have caused Wilson to go forward at a surprising rate.

The town lot sale, 600 lots being on the market, will take place on March 5, 6 and 7 (three days) with Col. John B. Queen of Perry as auctioneer.

Wilson is in the western portion of Carter County, near where the counties of Carter, Jefferson and Stephens join, and in the center of a wonderfully productive agricultural and live stock country. There are untouched riches, in fact, all around and under Wilson.

The natural gas possibilities are beyond comprehension. Cheap natural gas means factories and allied industries, and the big oil field means refineries, and Wilson is bound to win. Nothing can prevent it.

The same conditions that made Tulsa, Beaumont and Wichita Falls are Wilson's and even more so for Wilson has no opposition. It is the only Wilson-Healdton oil town.

All the 600 lots are to be sold at the purchaser's own price, absolutely none to be reserved. The conditions are 30 per cent down and the remainder in 10 per cent monthly payments.

The sale pavilion will be located on the lots, and rain or shine the sale will be held.

Free every day, also, will be given away two choice residence lots, and each person attending the sale will have an opportunity to draw these. Tickets will be given each morning to all comers and the lucky number gets the lots.

This is an opportunity to get a home or a business site in the fastest growing city in the southwest, and one that is bound to become an important industrial and agricultural center. The soil around Wilson grows a bale of cotton to the acre and the farms are teeming with cattle and hogs.

This is a business opportunity, of the brand that pays.

For these three days, March 5, 6 and 7, the Oklahoma & Pacific Railway (Ringling Road) will sell a round trip ticket for one fare.

Jake L. Hamon is the owner of the townsite, Frank L. Ketch is sales manager and John B. Queen, auctioneer.

Remember, buy your tickets via Ardmore, to Wil.
